

wire

THE 7th ALL CHINA - INTERNATIONAL WIRE & CABLE INDUSTRY TRADE FAIR
第七届中国国际线缆及线材展览会

汇集 Incorporating
线缆、电缆、弹簧制造、紧固件技术
电线电缆、光纤光缆、电线电缆及机械

SPECIAL ZONE

Fastener

26-29.09.2016

Shanghai New International Expo Center

Organizers:

International Supporter:

Main Exhibits

Standard fasteners and non-standard ones: bolts, nuts, screws, studs, threaded rods, pins, rivets, washers, retaining rings, assembly and connection, welding nails, stamping parts, lathe parts, hose clamps, innovative and non-standard products

Fasteners in various industries: fasteners in industries like automobiles, motorcycles, machinery, high-speed rail, buildings, steel structure, hardware, electronics and electrical appliances, aerospace, wind power, ships

Manufacturing skills of fasteners: cold headers, molding machines, heading machines, thread rolling machines, thread rollers, tapping machines, combination machines, grinding machines, milling machines, vibrating plates, heat treatment equipments, surface processing equipments, wire drawing equipments

Supporting facilities of fasteners: molds, surface treatment, raw materials, hardware tools, testing equipments and measuring equipments, screening machines, packaging units, computer software, and other factory equipments

Target Visitor Groups

Machinery Industry

Hardware Industry

Wind Power Industry

Automobile Industry

Rail Transit Industry

Petrochemical Industry

Motorcycle Industry

Aerospace Industry

Instruments and Apparatuses Industry

Construction Industry

Military Industry

Professional Trade Industry

Electronic Appliance Industry

Ship Building Industry

Measurement and Control Industry

Global industrial transfer brings huge business opportunities for the fastener industry

In the future, "China Manufacturing 2025" and "One Belt, One Road" development strategy will fuel the growth of the automobile, new energy, high-speed rail, urban transport, aerospace, petrochemical, infrastructure construction and other application industries, which will bring new opportunities for the fastener industry. Meanwhile, the upgrading of the fastener industry will also call for more advanced fastener technologies, so as to offer a broad market space for the growth of fastener manufacturing and its supporting facilities.

Global fastener market

Operation revenue (USD 100 million)

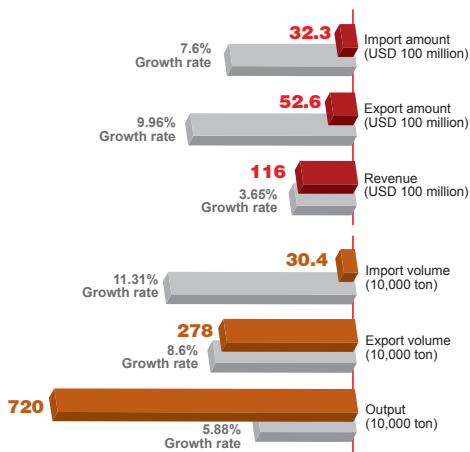

Growth rate (%)

Recent years have witnessed the increasing global demand for fasteners and the fastener industry's massive transfer to China, where fastener industry has seen an unprecedented development. China has already become the largest fastener producer in the world.

Data of fastener industry in China in 2014

The cooperation of giants in industries, making the upstream and downstream industry chain of fastener complete

Established in 1998, China Fastener Info has now grown into a three-dimensional media featuring "Website + Magazine + Trade Show", with the number of registered membership surpassing 100,000, including more than 3,000 foreign members of the chamber of procurement. So far, China Fastener Info has successfully held 15 Fastener Trade Shows, with the number of exhibitors and visitors taking the lead across the globe in the same kind of exhibition. Through holding fastener exhibitions, China Fastener Info has achieved a seamless connection between the supplier and the purchaser of fastener online and off line.

All China - International Wire & Cable Industry Trade Fair (wire China for short) is a whole industrial chain display platform, which ranks first in Asia and second in the world and features wire manufacturing and finishing, metal processing tools, materials, special wires, measurement and control technology and automation equipments. wire China is a world's leading trade exhibition which puts technology in the first and integrated the most advanced and innovative technologies of the world. The professional buyers of wire China are mainly from industries like wire industry, iron and steel industry, nonferrous metals industry, automobile industry, construction industry, chemical industry, aerospace industry and other enterprises.

Shanghai Fastener & Tech Show, which serves as the extension of the downstream industry chain of wire and cable industry, will help professional buyers to do one-stop purchasing of raw materials of fasteners, its production equipment and the finished products, contributing to foreign export and the transformation and upgrading of domestic manufacturing industry.

Promote your products across the globe through Fastener Show

- Global publicity of overseas network of Messe Düsseldorf.
- Share the source of professional fastener media. China Fastener Info has been in the industry for 17 years, holding the exhibition of fastener 15 times with the participation of 100,000 members. Making your search for targeted users fast and accurate.
- As the largest overseas exhibition of cable and wire show of wire Düsseldorf, the participation of a large number of international manufacturers of fasteners will make the exhibition more international, with new technology and high-tech products
- 3 industrial giants join hands. You will get the opportunity to enjoy high-standard professional services and establish business contacts with professional buyers of wire China.
